

# California Arts Day

## Ideas for California Cities

*...From the Simple to the Sublime...*

- Resolutions. Endorse a City Council resolution recognizing the value of the arts and supporting California Arts Day in your community as it is celebrated throughout the state. A sample resolution is at <http://www.cac.ca.gov/?id=262>
- Editorials. Write an editorial on the value of the arts for your local newspapers and endorse it as a City Council.
- Council Meetings. Invite a local children's choir to sing a song after the pledge of allegiance at the opening of a City Council meeting in early October.
- Recognition. Have the City Council or a local official make a presentation recognizing someone in your city who is a strong supporter of the arts.
- Newsletters. Highlight the arts offerings of your Community Services Department and/or the Civic Arts Commission in the October issue of the Community Services bulletin distributed to local residents. Include the Arts Day logos in this publication.
- Events. Encourage your Community Services Department and local arts groups to label their arts events that take place on or around October 7 as "Arts Day" events, and to check the California Arts Council's website for more ideas.
- Information. Distribute information about the value of the arts to your community and its residents – flyers, website information, etc.
